We put the value in play!

Introducing SportsPlay's

## Wheelchair Accessible Merry Go Round

Enabling children of *ALL* abilities to play *TOGETHER* side by side!

**Play together!** That's what kids want to do. That's why playgrounds are built. But up until now some children may not have been included in playground play due to their physical limitations or handicap. SportsPlay's wheelchair accessible merry go round provides a special place where kids can be kids, and where kids can play together, regardless of their physical abilities. Kids who happen to be confined to a wheelchair can play on the SportsPlay Wheelchair Accessible Merry Go Round—right next to all of their friends, neighbors, classmates, or kids they've just met. And everyone can share the fun and thrill of spinning round and round!

## A Leader in Merry Go Rounds

Like the other merry go round models, our new wheelchair accessible merry go round comes in your choice of three fun color combinations: Red with Yellow handrails; Green with Tan handrails; or Purple with White handrails.

Wheelchairs roll onto the merry go round deck easily. There are two separate wheelchair accessible positions, which are secured with swing gates. The swing gates allow quick and easy access. The swing gates allow quick and easy access. The gates must always be in the fully closed position—and wheelchair brakes applied—when the merry go round is in rotation. Multiple handrails allow children to hold on securely and push themselves to set the merry go round in motion.

## A Leader in ADA Play

SportsPlay Equipment takes great pride in manufacturing exciting and fun products for the playground that allow children to play together, regardless of their physical abilities. Our wheelchair platform swing remains the industry standard for its category. Now we are adding a new wheelchair accessible merry go round to the product line. This innovative design brings everyone side-by-side on a classic and timeless favorite of all children.

### NOTES:

Use of poured in place rubber surfacing or rubber safety tiles are required with this product to ensure a flush fit with the merry go round deck, allowing easy access for wheelchairs. Access panel in deck allows for routine merry go round maintenance procedures, such as greasing and monitoring/adjustment of governor. Please read and follow all detailed product installation instructions for safe use and proper installation. Adult supervision is recommended.

**Offered exclusively for SportsPlay Equipment distributors.**  
Call 1-800-727-8180 for the name of a distributor in your area.
